WORK EXPERIENCE

Pastoral Associate

August 2025 – Present

Shadowland Community Church

- Deliver sermons and teaching (1-2x monthly) aligned with liturgical themes, bridging theology with practical application.
- Serve on the Elder Board, contributing to strategic planning, governance, and long-term ministry vision.
- Oversee church financial operations, including bookkeeping, donation tracking, and expense management.
- Manage a hybrid church-venue model to generate sustainable rental income, increasing community investment and operational independence.

Private Family Office

Nicholasville, KY

Family Office Asset Manager

October 2025 – Present

- Promoted to oversee all financial and operational functions for \$5M+ annual investment portfolio spanning 80+ properties (60 residential, 20+ commercial), bourbon warehouse operations, and international real estate across 20 separate entities.
- Lead capital projects including fire restoration, structural repairs, and property improvements; conduct market analysis and develop financial presentations to guide family investment strategy.
- Administer complete financial operations including monthly reconciliations across 20 entities, financial reporting, trust distributions, multi-entity payroll processing, and CPA coordination.
- Manage cross-functional teams across maintenance, farm operations, and international property management; identified contractor fraud and led the termination and replacement process, establishing improved operational standards.

Property Manager & Bookkeeper

February 2025 – October 2025

- Recruited to direct property operations generating \$2.6M annually; independently negotiate and execute lease agreements, manage tenant relations, and maintain 95%+ occupancy through strategic sourcing.
- Transformed portfolio performance by halving late payment rates through improved tenant screening processes and elevated property standards, while significantly increasing profit margins via market-rate rent adjustments.
- Modernized operations and processes by digitizing record-keeping systems, implementing new payroll protocols, and standardizing maintenance request procedures.
